The Building People is a corporate real estate and facilities management organization that prides itself on more than 20 years of executive leadership experience operating, maintaining, and providing service and space solutions for building owners and their customers. Their leadership team includes nationally recognized professionals in the real estate management, facilities, and technology sectors. Their mission is to maximize the workplace experience and reduce costs without sacrificing quality and reliability. They achieve this by empowering building owners and operators to propagate new norms and tenant behaviors toward organizational efficiency, energy sustainability, and savings opportunities.
